Downtown Surrey BIA to Host Shredathon: Safely Dispose of Documents and Support the Surrey Food Bank

By Saije Rusimovici

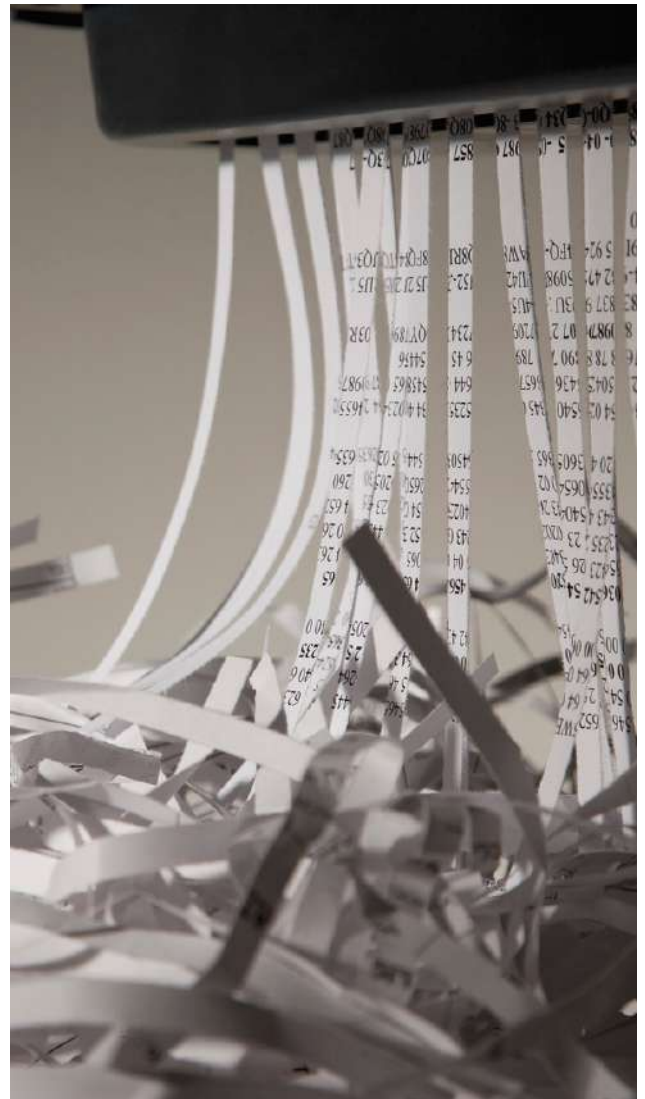

The Downtown Surrey Business Improvement Association (BIA) is excited to announce the upcoming Shredathon event, taking place in front of Sprite Multimedia at 13597 King George Blvd. on Saturday, June 24, from 10:00 am to 2:00 pm. This community initiative aims to promote document security while supporting a worthy cause, with donations being collected for the Surrey Food Bank.

In an era where protecting personal and confidential information is of paramount importance, the Downtown Surrey BIA recognizes the need for a secure document disposal solution. The Shredathon offers businesses and residents a convenient and reliable method to safely dispose of important papers that should not be discarded with regular waste.

Shredding documents is crucial for safeguarding sensitive information and preventing identity theft or unauthorized access. By participating in the Shredathon, individuals can ensure that their personal records, financial statements, medical documents, and other confidential paperwork are destroyed in a secure and efficient manner.

This event provides a valuable service to the community, giving peace of mind to individuals and businesses alike. Furthermore, the Shredathon serves a dual purpose by supporting the Surrey Food Bank. While the shredding is free, the Downtown Surrey BIA encourages participants to make donations to the Surrey Food Bank. Contributions will directly benefit individuals and families in need in our community.

The event will take place rain or shine. After completing their shredding, participants are encouraged to explore the vibrant diversity of the neighborhood by visiting one of the local restaurants. Satisfy your appetite with a delectable range of cuisines, including Sushi Shogun, Di Reggae Cafe (authentic Caribbean), and Raunak Indian Cuisine. These establishments showcase the rich culinary tapestry of our community.

A trip to this local beauty boutique is sure to leave you feeling beautiful, pampered, and relaxed.

MEET THE 2023 SUMMER INTERNS

We are excited to introduce our talented team of eight interns who joined us in May. These students are actively involved in supporting various research studies, special projects, and community events, making valuable contributions to our organization.

Throughout the summer, we will continue the "Click on Surrey" team, dedicated to assisting businesses within the Downtown Surrey BIA area. Our team is diligently working on recruiting businesses to participate in this program, which offers support with website development, social media management, graphic design, newsletters, filming, and marketing campaigns.

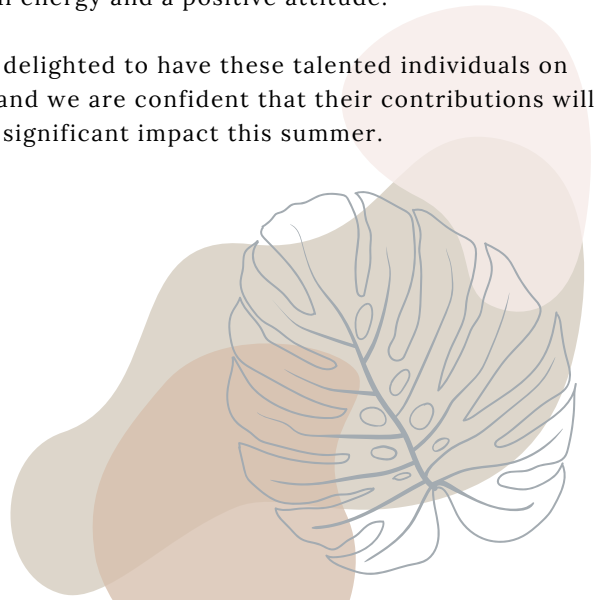

In addition, we have a group of interns responsible for activating public spaces with engaging events and placemaking activities. We are pleased to announce the return of popular events such as Movies Under the Stars in Holland Park in August, Surrey Voices, and the highly anticipated Long Long Table on June 27 at Civic Plaza. Furthermore, all our interns will be participating in Fusion Fest at Holland Park in July.

Max, one of our interns, will be leading the annual Safety Audit over the summer and working on generating innovative ideas to address concerns in the area. He is also organizing Shredathon on June 24, 2023, and planning a follow-up meeting to our March safety meeting with local businesses.

Coming from diverse study areas such as Communications, Interactive Arts + Technology, Business, Resource Management, Criminology, and Geography, our interns bring fresh perspectives and up-to-date skills to address ongoing issues in the area. Moreover, they fill our workplace with youthful energy and a positive attitude.

We are delighted to have these talented individuals on board, and we are confident that their contributions will make a significant impact this summer.

Shenae Meerkerk

By Saije Rusimovici

Creative, adventurous, and a little chaotic (in the most organized way) Shenae Meerkerk is a business major with an extended minor in music. She plays the piano, guitar, and sings. Using a digital audio workstation, Shenae also produces her own music. “Business is very versatile and can be used in any industry,” said Meerkerk. Working at the DSBIA, she hopes to learn more about pursuing event planning as a career by getting involved with the Surrey community. Shenae has a variety of hobbies she enjoys such as crocheting and candle making. She also enjoys biking and hiking on a sunny day! A fun fact about Shenae is that when she was in elementary school, she wanted to be an optometrist – it wasn’t long before she realized she wasn’t too keen on poking and prodding people’s eyeballs. Connecting her passion for music with an interest in business Shenae wants to go into the music industry as a businessperson in order to “help artists achieve their dreams and deliver their music to the people who would enjoy it the most.”

Rowan Koenig

By Shenae Meerkerk

Our Placemaking Intern this summer is Rowan Koenig. “Placemaking” refers to the process of turning spaces into places by bringing people together and make areas more interesting. They look forward to helping local business owners and working on various events, along with coming up with his own placemaking ideas. Rowan is a Resource and Environmental Management major at Simon Fraser University with a concentration in Planning. In the future, Rowan wants to plan stronger mixed-use communities making neighbourhoods more livable and improving residents’ mental and physical well-being while helping the environment. Their dream job in the future is to work with TransLink on transit-oriented development. One fun fact about Rowan is that they have listened to the entire City Centre Plan for Downtown Surrey (173 pages long) as an audiobook. They enjoy spending their free time reading through various city centre plans and is excited to use this knowledge at the Downtown Surrey Business Improvement Association.
